

CASE STUDY: Specialty Store Kiosk

Project Overview

Technology: Kiosk

Market: Retail–Specialty Store

Project Duration: 90 Days

Number of Locations: 650

Nationwide

Customer Challenge

A large specialty retail clothing company needed a technology deployment partner with extensive kiosk installation and service experience to assist with the rapid deployment of their chosen kiosk solution.

Worldlink Solution

- partnered with Olea Kiosks Inc. (Award Winning Kiosk Manufacturer)
- staging and configuration
- utilized Just-In-Time delivery system
- installed electrical circuits and category 5 cabling
- utilized online service portal for trouble shooting and checkout
- provide ongoing maintenance - “hot swap” program

Customer Testimonial

“[Specialty Retail Clothing Company] engaged with Worldlink to install interactive devices at over 650 locations nationwide. It was necessary to engage with a partner that could provide attention to detail, speedy reaction, pinpoint scheduling, strong communication and overall professionalism. Worldlink met these standards, and in some areas exceeded expectations, and helped [us] deliver a quality product.”
